NUMBER XXI

ENGINEERS GIVE ANNUAL SHOW FRIDAY

Hammond to Assign FER Jobs

Student Relief Gets Start Here Monday

Applications For FER Work Now Being Made

Federal Emergency Relief for Santa Ana junior college students make its debut here Monday when President D. K. Hammond, who is in charge of the local student relief program, started taking applications for work.

About 50 men and women filed applications when El Don went to press early this morning. Hammond pointed out that as soon as all applications presented have been considered by the faculty placement committee, jobs will be assigned and a requisition for money will be placed with FER officials.

Varied Jobs

President Hammond declared that students would be put to work in lines of major interest as far as possible. Manual, clerical, and library work of all kinds has been devised to meet the numerous demands for employment expected.

Hammond himself will assign the jobs, and Mrs. Dora Lutz, his secretary will take charge of the remainder of the program.

Relief a Boon

Federal student relief, coming at this time, has been declared by leading educators, to be a boon to American college men and women. It has been pointed out that the relief work will remove these students from competition with hundreds of thousands of other individuals who are heads of families.

Ten Scholarships To Be Awarded By USC

Ten tuition scholarships to graduates of accredited junior colleges will be awarded this year by the University of Southern California. To be eligible for consideration, one must be in the highest tenth of his class in scholastic achievement.

Each candidate must present sixty units of advanced standing and must meet in full the requirements for advanced standing in the University. The selection of students to whom the scholarships are finally awarded will be made from a critical evaluation of the data contained of the record forms as filled out and submitted by junior college principals.

EL DON SENDS THREE STAFF MEMBERS TO PRESS CONFAB

Jack Pegues, Fredda Sawtelle, and Charles Downie will attend the twelfth annual Press Day at the University of Southern California, Saturday, March 3, it was revealed today.

Planaria Worms May Augment Don Grid Squad

Planaria worms should be football players.

You know why? Because they can be all ground up in a meat grinder like mince pie and after a while every little separate gob of bugism turns into a separate and individual new Mr. Planaria.

If you, by some rare chance, do not believe this, go ask J. Russell Bruff and his zoology stooges. Some of them cut these bugs up into as many as six pieces, and they are expecting six times as many bugs as they had before.

AUSTIN JOY TO HEAD FIESTA COMMITTEES

Austin Joy will be the Fiesta chairman this year, according to the decision of the executive board at their last meeting.

Joy has been prominent in various college affairs. He is a member of the Junior Lions, Tavern Tattlers, and the Y. M. C. A. He was the Fiesta dance chairman last year and also in charge of Y day.

"It is my desire to make the Fiesta a success in every way this year. To do this ask the sincere cooperation of every associated student," Joy said today.

Fiesta will be held May 11.

March 16, 20, Dates Set For Debate Squad Meets

March 16 and 20 are the dates tentatively set for the debate meets on the question, "Resolved: That the Power of the President of the United States should be Substantially Increased as a Settled Policy."

Steiner Speaks At 'Y' Day Annual Breakfast Meet Here Wednesday

"The Making of a Great Race" is the topic of Dr. Edward A. Steiner in his address to the students of jaycee at the annual "Y" day breakfast to be held in the school cafeteria Wednesday, March 7, at 7 a. m.

Dr. Steiner is a very popular lecturer and the Y. M. and Y. W. feel very fortunate in securing such a noted speaker for their annual "Y" day. After the main speech Dr. Steiner will conduct a discussion at which the students will be permitted to ask questions of general interest.

Talks Twice

At the assembly to be held later in the day Dr. Steiner, Prof. of Applied Christianity, will speak upon the subject of "Cultural Conflicts". Both talks promise to be of great interest and value to those attending.

The "Y" day last year was a huge success inasmuch as there were 175 attending the breakfast to hear Sherwood Eddy.

Walter Kring is to be toastmaster at the breakfast and he stated that tickets could be secured at the business office or from members of the Y. W. or Y. M. at the price of 20c. Jean Rockwell, president of the Y. W. will preside at the assembly which will probably be held in college hall.

Melodrama Entertains Full Houses At Willard

"The Girl of the Golden Gulch", music department production played to capacity houses Friday and Saturday nights at Willard auditorium.

The melodrama, depicting the typical productions of the "gay nineties" had a true villain in Art Casey and a truer heroine in Catherine Rowlands, according to critics. Songs of the period represented, enlivened the drama.

PREXY REPORTS BOARD MEET

\$20 Appropriated For Inter-club Stag Here; Candy Sale Profits Taben By Associated Students

By Dick Gardner

Last week's board meeting was rather uneventful except for the appointment of Austin Joy as the chairman of Fiesta Day. However, the Inter-club Stag which is to be sponsored by the Buccaneers not only got the approval of the Board but also got a twenty dollar subsidy.

The profit of the candy sale at the Melodrama was considered and the decision of the Board was that the Associated Students would take all the profit of the sale. The Gauchos undertook the problem of dispensation with this in mind.

Tannenbaum, treasurer, stated that the income from the special matinee was approximately thirty dollars.

We wish to thank the clubs for their cooperation in the sales of the tickets of the Melodrama, and we wish to thank the Gauchos for their selling of the confections.

In conclusion we desire to impress upon the Associated Students that the Board is your executive body and we can neither exist nor progress without the unified cooperation of the Associated Students.

High School Grads Invited To Event

Light, Electricity Figure In Scientific Extravaganza

March 2 will be the date of the annual Engineers' show to be held at Willard junior high school auditorium at 8 p. m. John Harkness, chairman of the show, said today.

The show is sponsored by the Santa Ana junior college chapter of the American Association of Engineers of which H. O. Russell is adviser.

Exhibits and demonstrations will be made in mechanics, electricity, chemistry, light, and heat.

All equipment will be new and specially prepared for the show. Some of the demonstrations are especially prepared by Stanford engineers.

Dan Finch and his assistant Glenn Evans will demonstrate the tesla coil. 300,000 volts produced by the coil can be taken by the human body without harm.

Rocket motors will be demonstrated by Edward Ewings and his assistant, Winston Winterbourne. Ewing has successfully flown the rocket type airplane.

Electron Counter

An electron counter which has the power to count electrons given off by radio active ore will be shown by Tom Moses and Oral Hare. Electrons and cosmic rays can be heard during the exhibit.

Moving objects will be made appear standing still by the stroboscope demonstration by Kenneth Ulrich and his assistant Sammy Tucker.

Bernoulli's principles of fluid pressures and velocities will be exhibited by George Holmes and Jack Hawkins.

Harold Christensen and Rossell Berkheimer will wind up the show with a large scale demonstration of modern chemistry.

The show will be put on for the purpose of revealing to the high school seniors of the county what is being done in our science department and will be free to the public.

Owens Assigned To Head Orpheo Troupe

Claude Owens, freshman class president, today was selected to manage the 1934 junior college Orpheo Troupe. George Curtis, commissioner of forensics made the appointment.

Owens' was the second major appointment made this week by college student officials; announcement of Austin Joy as Fiesta chairman coming earlier in the week.

FUTURE IN HANDS OF WELL EDUCATED, SAYS NEUMEYER

If young people are to ameliorate existing conditions in this country in the next generation, they must have adequate educational facilities and character building institutions in which to get a background for constructive work, was the opinion of Dr. Martin H. Neumeyer, professor of sociology at U. S. C.

EL DON

"With one aim—to serve student and college."

The official publication of the Associated Students of Santa Ana junior college, Santa Ana, California. Published weekly during the school year while school is in session and issued on the Junior College consolidation ticket, the price of which includes \$1.00 for subscription to the paper. Entered as second class matter November 9, 1927, at the post office at Santa Ana, California, under the act of March 3, 1879.

Published in the school print shop on the campus and edited by the journalism class of the college.

Editorial Alley

We salute the Executive Board and T. H. Glenn for their selection of Austin Joy for Fiesta chairman. The choice is an example of the "biggest man for the biggest job."

THESE JOURNALISTS

Journalism turns out many unusual types. It seems that each scribe has his own peculiarity that may or may not explain his entry and success in the field.

O. O. McIntyre, nationally known commentator on life, leans toward a multiplicity of flashy clothes. He owns about 40 suits, a trunkful of loud shirts, and about 50 gaudy silken dressing gowns in which he does his writing.

Mary Roberts Rinehart writes in a bocker—society columnist with The New York American, will shun a person if he thinks his writings about that person might be influenced through acquaintance.

Mary Roberts Rinehart writes in a bare office. . . Edna Ferber cannot have a picture on the wall.

With El Don there are some quaint personalities too. Charles Downie is the slowest man on the staff . . . Ray Forrest, who conducts Americana, writes his copy in pencil first, and types it for the printer as it is needed. . . Marvin Spicer knows nearly as much about the mechanics of writing as does John McCoy. . . Your Editor wants to write like O. Henry.

WINCHELL'S DOCTRINE

Walter Winchell, while not the pride and joy of the newspaper world, nevertheless has a good axiom, that the best way to attract attention is to start a fight or take one up.

Winchell was just another struggling "dirt" columnist in New York when he conceived the "fight" idea. He picked Rudy Vallee first, but the crooner would not fight back, and the public objected so strongly that Winchell's paper made him sign a truce.

Convinced that Vallee was a good fellow after all, Winchell went after Ben Bernie.

BUT IT'S A FAKE!

Now, I read that the "feud" is a fraud. It develops that the two belligerents are old schoolmates, and that one day when the school bully (not Al Jolson) was picking on young Walter, Bernie stepped in and gave the bully an unholy licking. Winchell and Bernie have been pals from that day to this.

MORE STUDENT AID

Another major move in the direction of providing assistance for worthy unfortunate students was announced at Stanford university this week. The board of trustees appointed Dr. Harry B. Reynolds of Palo Alto to direct in a campaign among friends and alumni to establish a fund to enable underprivileged students to pay their educational expenses at Stanford.

The decision deserves much commendation and praise, because it will

Now I Can Tell It

NAME—Edward M. Nealley.
BIRTHPLACE—Burlington, Iowa.
BIRTHDAY—Oct. 17.
OCCUPATION—Lawyer at first, shifted to teaching.
CHILDHOOD AMBITION — To drive a street car.
CHILDHOOD HOBBY — Horses, cows, chickens, dogs.
PRESENT AMBITION—To discover what it's all about.
PRESENT HOBBY — Making charts, I guess.
FAVORITE BOOK—Overstreet's "The Enduring Quest".
FAVORITE TYPE OF MUSIC—Classic.
FAVORITE DISH—Rice pudding.
FAVORITE RADIO PROGRAM—Anything but jazz and crooning.
FAVORITE TYPE OF ART—The Grecian.
FAVORITE MUSICAL SELECTION—Ava Maria.
FAVORITE SPORT—Mowing the front lawn.
FAVORITE COLOR—Haven't any except blue neckties.
FAVORITE MOVIE ACTOR—George Arliss.
THE GREATEST THRILL OF MY LIFE—When I rolled over an embankment in Brea canyon and the auto was upside down when it stopped at the bottom of the ravine.
MY MOST EMBARRASSING MOMENT—At the age of about 18, when the chairman at a Y. M. C. A. meeting called upon me to lead in prayer. I began "O God, bless the Y. M. C. A." then I sat down.

Let's All Sing

I JUST COULDN'T TAKE IT BABY
You just don't begin
To know the spot you've got me in,
If I ever thought you'd be untrue,
I just couldn't take it, Baby
Lovin' you the way I do.
If it turned out I'd
Been givin' my fool self a ride,
Had you figured out all wrong somehow,
I just couldn't take it, Baby
Couldn't do without you now,
Some may take romance
As just a song and dance,
A game they're just playin' at
But I just can't go gay
And laff love off that way
Can't help it, you made me like that
(Why!) If I ever found
That this was just a run around
And I didn't mean a thing to you
I just couldn't take it, Baby
Lovin' you the way I do.

Americana

By Ray Forrest

Probably the reason why Americans are so poor at facing facts is that so many facts are hushed up during their education.

The height of egotism is the botanist who attaches his ugly name to a beautiful tree.

The defense of this country may be less than that of other countries, but the fact is that the United States has spent more for defense than any other country for the past 40 years.

"Schutzengrabenvernichtungsautobilen" is the German word for "tank". Wouldn't it be fun to hear Greta Garbo say "I tank I go home" in German.

make it possible for many high school and junior college graduates to attend Stanford who would otherwise have been unable to do so owing to lack of funds. It may also do away with that situation where the academic records of students are seriously handicapped by the necessity of earning part or all of their education.

TOMMY'S TATTLIN'S

By Gus Gilbert

Innoculation plus

Formerly a cold-hearted, woman fearing, bachelor type of man, Don Frank, breast-stroke title holder and ex-Tustiner, has suddenly been stricken by 'Fluppenitus'—he was exposed to Doris at the Bachelor's ball. And it took!

History repeats itself

Joy McPhee returned to the campus for a few minutes last week and was almost swamped in the rush. Among the first to reach her side was Grigg, Boyle, and 'Doc'. J. Tawney tried to make the grade, but I'm afraid he didn't quite come up to par. Later developments proved that Handy was the searched for one. Might 'a' guessed it.

Take that—and that

Joyful, smiling faces suddenly dropped in dejection, paled, annoyed students screwed up more annoyed noses. A stricken silence prevailed—J. H. McCoy, journalism instructor, had just promised more numerous difficult assignments in order to shatter the illusion that his course was a 'snap'. Not only that, but when a student guesses at answers, he guesses at grades, and no one has any kick coming.

Police Drama

"Calling all cars, calling all cars. Investigate a woman standing on the corner of Chestnut and Ross streets dressed in a green hat, that is all."

Do You Drive To School?

By the Sawdust Twins

"Hey, does this count as a car?"
"Sure, that's Bill McDaniel's Ford. I rode in it once and thought a tractor was following us for three blocks till he told me it was only the engine. How many Fords does that make now?"

And so two curious reporters went on counting cars around the jaycee campus in order to find out just how many of each make and model of car there is. Here are the results out of 120 cars counted. Even the ancient heaps belonging to Zoe Quiggle, Yettie Blank, Kenny Ulrich, and Dean McKee Fisk are included. After all, they've taken an awful beating.

Fords lead in popularity with a total of 45. Cheverolets come next with 29, while Studebakers and Buicks each totaled six and Dodges, Nashes, and Pontiacs five. There were three Oaklands, two Chryslers and Hupmobiles, and one Jordan, Stutz, Plymouth, Maxwell, Whippet, Star, Cadillac, Hudson, Graham-Paige and Oldsmobile, and even one old Columbia.

Of models, sedans were most numerous as there were 50; while there were 37 coupes, 26 roadsters, and 4 touring cars.

Fords are also the most popular among the teachers, three being found in the stalls reserved for them. Plymouths are second with two. Oldsmobile, Studebaker, Chrysler, Dodge Buick, Nash, Jordan, and Oakland each have one representative on the faculty.

Sedans and coupes are tied for first place in models, each having five. Touring cars number three, and there are no roadsters.

Do You Know?

That "Sorority rushing during the first quarter of the fall semester was blamed for the low scholastic average of women students of the University of Minnesota?"

That "Psychology has determined by actual experience that success depends 85 per cent upon personality, and 15 per cent upon brains, a Ouachita college professor declares?"

Eek, A Mouse!

Is the weaker sex becoming stronger? Are the fair flowers of womanhood turning to a hardier specie?

An interesting phase on this subject was enacted in the main hall recently. Your correspondent was coming down the hall when he saw one of the football men and two co-eds peering behind a locker.

Now a reporter must have a nose for news, therefore, he must investigate all unusual happenings. (Perhaps it would be better to say some instead of all the unusual happenings, for to probe into every different occurrence on the campus would require quite a little time.)

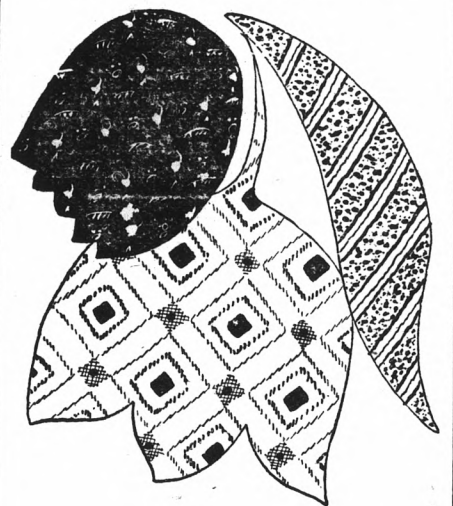

Anyway, these three students had a mouse behind a locker and they were trying to entice it out.

Did the girls scream when the small rodent came scooting forth? No, they did not. Both of them grabbed at the creature squealing, "Oh, isn't it too cute," and other expressions that just girls can squeal.

Another co-ed, one of these blood-thirsty biological "bims" came cantering up and demanded the animal so she could boil it. Not for eating, but for scientific research.

Finally, the gridman took hold of the situation with a commanding hand and carried the frightened animal outside. Thus endeth another eventful occurrence.

STREET FLOOR

Koral Leads Baseball Club Against Compton

The Hot Corner

After being slaughtered by San Bernardino's hoop artists, there seems nothing to do but squeeze the air out of the leather spheres and hide them among the mothballs. The casaba season just finished is one of the worst the local institution has enjoyed since way back when the Padres had to hire a councilman to make up the necessary five men.

Mister Consistency

The balmy climes of North America certainly agreed with Adolpho Luque of the New York Giants. This 43 year old lad was the ace in the hole that took the world series out of the fire back onto the griddle and subsequently to a pennant. This relief hurler for the Giants went through a whole season pitching 35 games and never hit a batter or made a wild pitch.

The "Grand Old Man" of Baseball

Right along this line, I would like to add that we of the sports department wish to add our word to those who have already expressed themselves concerning the death of John McGraw. One of the greatest managers in baseball history, for 30 years he piloted the New York Giants, three times to a world pennant and 10 times to National League banners. Only twice did his followers fall into the second division.

Wisconsin Wizz

To toddle back on the beaten track once more, I wish to do a little prognosticating and bet that Mr. Bauman, late of wild Wisconsin, will show the holes in his soles to more than one mighty quarter miler this season. He is built somewhat along the lines of a brewery truck horse—please Mr. Bauman, I merely wish to say you're very beefy—and with a little training ought to be in just about as good shape. In the interclass he led the field with a 55.3s. lap.

Together Again

That the junior college won't miss its one-mantrack-team alias Jim Daneri out on the cinders doing everything but the standing-broad jump and the ten mile walk is like saying Elsie's mother gave her a nickel because she let the bathtub overflow. We hope he doesn't pull a muscle or get appendicitis as did brother Doyle. Strange but it seems that they were both on Santa Ana Hi's championship track team of two year's past.

Footie Rallies Golf

Talent To Practice

Although Coach William Warren Footie has not received word from the other schools as to the dates for the dual meets, golf practice will be started next week, weather permitting.

Practice will be held three days per week at the country club, located on South Main, under Mr. Footie's supervision.

The golf mentor concluded by saying that all players are to meet in his office tomorrow, at 3 o'clock.

Patton Forced To Pass

Up Compton Tennis Meet

As continuous calls for a tennis turnout have failed to bring out enough for a representative squad, Coach Patton is unable to answer an offer from Compton junior college for a series of games there March 2.

Compton requested Patton to send six singles players and two doubles teams to compete and as yet not enough men have turned out to furnish Compton with singles competition.

Berdoo Defeat Ends Don Confalon Chase

By Marvin Spicer

Coach Bill Cook's Dons capped the most unsuccessful season they have ever enjoyed since entering the Eastern conference nigh on to three years ago by bowing to the strong San Berdoo quintet 32-19 at the Indian's teepee Saturday night.

The Padres started the game at a whirlwind pace and ran up a 7-0 lead in the first 10 minutes. Between Earl Hough and Larry Ek, the former substitute guard, the second chukker took on the aspect of a great spree—for the Berdooians. Before the dazed Don five could rally, Ek and Hough had banged the rim for a total of 19 units to set the score at 19-7. After this onslaught the Dons were unable to gather more than 12 more digits while the hosts were garnering 13.

Ek Sinks Dons

Larry Ek, forward, accounted for 13 of the opposition's points to cop high point honors. Bragg came out of his recent scoring slump to hang up nine points for the locals while Preininger accounted for six. Schwarm and Clark played their usual aggressive games at guard.

Thus ends Santa Ana's hoop title bid with the following statistics to indicate their record.

Games and Scores

Santa Ana 33, Pomona 39.
Santa Ana 35, Citrus 31.
Santa Ana 23, Riverside 47.
Santa Ana 30, Fullerton 31.
Santa Ana 23, Chaffey 43.
Santa Ana 19, San Berdoo 32.
Santa Ana 163, Opponents 233.

Trojan Track Talent Augmented by Daneri

Junior college track at the Santa Ana institution will miss one of its high point men this year when the season begins here March 17. Jim Daneri, sophomore, has decided to join his old teammate, who was a former student and athlete here, Doyle Gilbert now confined to an emergency hospital with appendicitis.

No complete record of Daneri's record in track is to be had as jaysee files record only the dual meet between San Berdoo and Santa Ana in which Daneri took three firsts and a third. He claimed a first in the shot put, the discus and the javelin. He won the discus with a heave of 130 feet 6 inches. In the 1932 Olympic tryouts he threw the spear 193 feet and 2 inches though he has tossed it 204 feet.

Twenty-eight Receive Gold Football Awards

Santa Ana jaysee's Southern California football champions will not be publicly awarded their gold footballs through lack of an appropriate date for an assembly at which to do so, it was reported today.

Gold footballs, worth approximately \$5.75, along with life passes to any athletic contest sponsored by Santa Ana junior college, to the following men as soon as all school fees are paid:

Paul Perenich, Byron Stoddard, Frank Kroener, Walt Devine, Bob Boyle, Sammy Tucker, Ray Nowotny, Zeno Shelley, Ray Hoar, Fred Bell, Clair Preininger, Harold Welty, Bob Phipps, Harry Matsukane, manager, Coach Bill Cook, Coach Ed Adams, Ben Slavin, Walt Gunther, Miles Norton, Horace Ritner, Loren Lukens, Bob Hafer, Ray Waer, Bruce Handy, Wilburn Anderson, Harry McInteer, Ray Hapes, and Bob Mitchell have been given out.

Track Schedule Sets March 17 As Date Of First Meet

Coach Greene's charges will not enter league competition until the 17 of March. This should give him plenty of time to work on his boys before putting them on the oval. Following is the track schedule for the ensuing season.

March 10—Santa, bye.

March 17—Santa Ana at Pomona.

March 24—Santa Ana at Citrus.

March 31—Riverside at Santa Ana.

April 7—Fullerton at Santa Ana.

April 14—Santa Ana at Chaffey.

April 21—San Berdoo at Santa Ana.

W. A. A. Cabinet Plans Party For Next Month

By Doris Rockwell

Plans are being formulated by the W. A. A. cabinet for the spread to be held at the end of hockey season. Inside information has it that the women athletes are planing to don Chinese robes and try their luck with chop sticks instead of hockey sticks. The place of the big event has not yet been decided upon but the date will probably be March 14 or 15. Committee heads are to be appointed later in the week by the president.

Tennis, under the new manager Barbara Crawford, is having a larger turnout than was expected at the beginning of the season. The latest net turnouts are Caro Cogan, Barbara Dunton, Midge Loudon, Barbara Crawford and Georgina Irwin.

Target shooting does not appear to be a popular sport with the women athletes, according to the number who have signed up for archery.

Badminton Makes Big Hit In Local Sporting Frats

The English sport of badminton seems to have taken S. A. J. C. by storm as it has the society sections of Southern California. The net and racquet can be seen in use almost any afternoon in the small gym where the court has been marked off.

Rumor has it that there is soon to be a private tournament in which the participants will include the popular physical education instructors in both the high school and jaysee. This is quite an intriguing sport and is rapidly gaining recognition.

Wrestling To Be Kept On Athletic Curricula

Although Coach Forbes considers the wrestling turnout a flop he will continue teaching the manly art of self-defense to all men who are interested. This is because so many men aspire to learn something of the "catch-as-catch-can" art but who do not have the time to practice every day.

Mallet To Hurl For J. C. Nine Thursday

By Jack Pegues

Santa Ana junior college baseball will step into faster company tomorrow at Compton. "Bomo" Koral's club in spite of its impressive seven-inning 7-2 win over the local high school nine, figured to run second best to the Tartars.

Eddie Suggett's Tartars already boast a 10-4 triumph over the Whittier college Poets, Ray Thomas and Jack Pearl, ace Compton hurlers, limiting Poet batsmen to four hits. Thomas formerly pitched for a crack Fremont high school club, and Pearl is a letterman.

Player-coach Koral has assigned Gordon Mallet to start on the mound. If Mallet's Sunday ball gets to "fat" for Metzgar and Schowbee, Tartar sluggers, either Koral himself, who will start behind the plate, or Ray Furuta will assume the relief role.

Koral has indicated that his regular infield of Joe Koral at second, Wimbush at short, Art Wilde at the hot corner, and Reg Lake will be available for service. Kanaway, McDaniels, and Morse will roam the gardens.

HANDBALL TOURNEY ATTRACTS 10 TEAMS

If the number of names on the tournament list is indicative, the inter-club handball tourney will be a howling success. Ten doubles teams are listed in the elimination brackets on the bulletin board, and all participants are to look at the schedule so there will be no mistake as to when they should play.

FOURTH BROADWAY

Campus Clubs

Y. W. C. A. Conclave Will Be Held Saturday At Fullerton

Fifteen members of the Santa Ana Y. W. C. A. will attend the sectional conference to be held Saturday at 9:30 o'clock at Fullerton junior college. The theme of the conference will be "The Ship of Adventure Sails Forth on the Sea of Experience."

Registration at 9:30 a. m. will be followed by a general assembly over which Jean Rockwell, president of the local "Y", will preside. The Southern California finance chairman will present a report and at 11 o'clock the representatives will break up into discussion groups, which will be led by Kay Bement, Dorothy Ensign and Miss E. Lucille Robinson.

Luncheon will be served at 12:30 o'clock with Graham Hunter as the main speaker. His subject will be "Adventure with Jesus at the Prow of the Ship."

Garden Party Theme Of Meninas Breakfast

Las Meninas entertained rushees Saturday morning at the home of Dorothy Tedford with a novelty breakfast in which the idea of a garden party was carried out. Bouquets of African daisies and hand made placecards completed the decorations.

Historical bridge was enjoyed by those present with prizes going to Georgina Irvin, first and Dorothy Gowdy, consolation.

Members responsible for the success of the rush party were Ruth Crowl, food; Kay Holmes, placecards; Dolores Swenson, invitations; and Verona Swanson, entertainment.

George Farquhar Plans Press Club Activities

Plans were made for this semester's activities of the Press club by George Farquhar, president. A combined business and social meeting is to be held the second Wednesday of each month.

At the end of the year a banquet will be presented by the club to high school journalism students, to graduates of the jaysee journalism class, and also to students now attending jaysee who have taken or are taking journalism.

Faculty Names Members For Phi Theta Kappa

Elected by the faculty on the basis of their first semester grades, 18 students have been awarded membership in Phi Theta Kappa, honorary society. This is a national organization, and although there are now several chapters located in junior colleges throughout California, Santa Ana's Alpha Beta chapter was the first to be organized in the state.

New members are Glenn Bishop, William Brady, Dorothy Dales, Bernard Dillon, Fred Eley, Edgar Ewing, George Farquhar, Carroll Gilmore, Mary Jackson, Walter Kring, Charles McAfee, Owen Owens, Beatrice Rankin, Evelyn Richardson, Catherine Rowlands, Byron Stoddard, Robert Tannenbaum, and Richard Torrence.

Eugenics Discussed By Bruff At Club Meeting

"Eugenics and its Relation to Social Problems of Today" was the topic discussed by J. Russell Bruff of the science department at the social science club meeting Thursday night at the home of Margaret Smart on N. Main street.

Birth control and the sterilization of the insane by the government were included in his talk on various problems of eugenics beneficial to society as a whole.

Margaret Smart, chairman of the name committee, gave a report and Bernard Dillon presented the names of prospective members.

Rushees Entertained By Las Gitanas Members

Las Gitanas members were hostesses at a sport party honoring rushees at the Isaac Walton cabin in the Fullerton foothills last night.

Checkered tablecloths and colored candles carried out the gypsy theme. Spring flowers decorated the cabin. Each rushee was presented with a corsage. Dancing was enjoyed with music furnished by the junior college orchestra. About 30 women attended the event. Miss Naomi Wheeler was head chairman of the committee arranging the party.

Miss Winifred Johnston, former student of S. A. J. C., married Tom Jentges of Garden Grove, Feb. 20.

Activities

Incoming Women Honored With Informal Tea

Blue hyacinths and wild yellow violets decorated the reference room of the college library for the A. W. S. tea honoring incoming women students Monday afternoon from 4 to 6 o'clock.

Approximately 50 women students attended the affair. Miss Dorothy Tedford, past A. W. S. president, and Natalie Neff presided at the tea table using a 200-year-old Russian brass samovar loaned for the occasion by Farla Nell Clayton.

Arranging the affair were Dorothy Ensign, Farla Nell Clayton, Helen Fuller and Mariana Baxter.

Buccaneers To Sponsor Inter-club Stag Fest

Under the sponsorship of the Buccaneers, an inter-club stag party is to be held March 17 in the gym. Members of the Gauchos, Bachelors, Junior Lions, and Buccaneers are invited to participate in the event.

The evening will be devoted to contests between the club members and guests. There will be boxing, wrestling, races, a tug of war and other contests.

A brown jug is to be awarded by the Buccaneers to the winning club with its name painted upon it. This prize is to be kept in the trophy case.

The purpose of the meet is to create a more friendly feeling between the men's service clubs and to enable them to become better acquainted with individual members.

Each club is to be allowed 5 tickets for guests and 25 tickets for members.

Beta Gamma Entertains New Members Tonight

Doris Rockwell, LeOra Hatch, George Curtis, Tom Flippen, and Bob Tannenbaum, newly elected members of Beta Gamma, extra-curricular honor society, will be entertained this evening at the home of Ernestine Wakeham in Anaheim, Garden Grove. Impromptu talks will be given by the new members.

Beta Gamma, an elective organization, chooses its members on the basis of sportsmanship, leadership, and participation in student activities. Candidates for membership must have maintained a C average for at least two semesters.

Social Functions

Progressive Dinner Held To Welcome Guests Of Art Society

With a guest list totaling 15, members of Alpha Rho Tau, honorary art club, entertained with a progressive dinner party Thursday night.

Members and guests met at the home of Mildred Johnson for a fruit cocktail with card tables decorated in red, white and blue. Ray Archer served a salad of a jellied vegetable combination, buffet style, at his home in Tustin.

For the main course, the party went to the home of Fred Eley, where Eley served creamed tuna and noodles peas and carrots and hot graham rolls. The home was decorated with a green and white color scheme. The party next went to Florence Turner's house and were served chocolate ice cream and crisp cookies, buffet style.

For the last course, the party went to the home of Bill Beeman. A dining table was laid for the serving of coffee and dainty tidbits. A yellow and white motif was observed.

Spinsters To Hold Rush At Pasadena Theatre

Spinster members will hold a rush party in the form of a desert-theater party Saturday, March 3.

A desert course will be served at the Corner House at 12 o'clock, after which the Spinsters and rushees will attend the matinee performance at the Pasadena Playhouse.
